

Dear { _____ } / Dear boss,

I am reaching out with a kind request for financial support to join **Game Quality Pro Membership**. There are not many communities on the web that are dedicated specifically to game quality testers. Nowadays, as the market continues to evolve, the ability to be surrounded by other professionals and have access to the curated educational library and regular industry meetings is a key element in building a strong position in the market.

Game Quality membership offers regular Member Series professional development content, access to the member video vault, a member-only Discord server as well as offers, competitions and initiatives, while Pro membership also includes access to Qualicon - annual online 2-day conference.

Their program of content and member initiatives are designed, curated and delivered by game quality professionals, for game quality professionals in line with those principles:

- Sustainably advancing the game quality discipline
- Nurturing and empowering the next generation of game quality leaders
- Improving game quality through effective cross-discipline partnerships
- Advocating game quality as a key driver of value
- Championing diversity, inclusivity and improved quality-of-life

Benefits and skills I will contribute to our work:

- **Enhanced Quality Assurance:** Access to specialized training and resources within the Game Quality Membership will allow me to implement advanced quality assurance methodologies, thereby ensuring a higher standard of product quality.
- **Reduced Risks and Costs:** With a deeper understanding of potential issues and effective testing methodologies, I aim to contribute to minimizing risks associated with game development, resulting in cost-saving measures for the company.
- **Up-to-Date Industry Insights:** By staying connected to a community of experts and sharing knowledge from the Game Quality Membership, I will provide valuable insights into the latest trends and industry best practices, ensuring our products remain competitive.

Costs:

▶ Game Quality Membership Pro: USD 349

▶ Delegation expenses: USD 0

▶ Meals: USD 0

Total: **USD 418.80**

Thank you for considering this proposal. I look forward to discussing the potential benefits in more detail at your convenience. For further details, kindly refer to the link attached:
